Advanced classes at Sunshine Massage School

Thai Acupressure for orthopedic Disorders

Traditional Thai point combinations

This course is offered in two one-week blocks. In the first block you will learn the treatment protocols for orthopedic disorders of the lower part of the body. In the second block you will learn the treatment protocols for the upper part of the body. Both blocks are stand-alone units, so they can be booked and completed separately. The serious student may wish to attend both weeks.

Course content:

- Basic pressure techniques.
- The assimilation of a point combination treatment into a Thai massage session.
- Therapy lines of the leg.
- Basic abdomen massage techniques for lower back disorders.
- Point combinations for orthopedic disorders of the foot, ankle, knee, leg, hip and lower back.
- Diagnosis of lower back conditions.
- Basic upper back, neck and shoulder blades techniques.
- Point combinations for headaches and for orthopedic disorders of the middle back, neck, face, shoulder, shoulder blade, arm, elbow, wrist and fingers.
- Diagnosis of neck and shoulder disorders.

This course is only open to students experienced in Thai Massage.
